Club AGM

Presidents Message

Schedule

Linkforce, the company constructing the northern container compound have indicated they won't have the containers in place for this long weekend. The schedule now has the City of Stirling lifeguards moving their equipment on the 9th and 10th of June with the club moving on the 11th and 12th. It'll be a rush and the plan is to make sure everything is over there and we'll work out how we efficiently house it later. We'll use this long weekend to load the four containers that we'll be storing offsite. Helpers will be required for tasks from Friday through to Monday.

Cold showers

We're having the gas disconnected on Friday the 10th of June and the power by the 13th. Welcome to the brave new world of cold showers. I think in Queen Victoria's time cold water bathing was championed as having a 'beneficial effect on the parts' and as a guard against intemperance. Food for thought for club members right there.

Friday Night

Last drinks at the club this Friday and an auction of some bits and pieces. Come down and have a quiet drink (see above) and farewell the old building.

Membership and the AGM

We've done a review of the fees and made some prudent reductions and we're sure that the members will look to the future and keep up their membership of Scarborough. We've received support from the City of Stirling with the construction of the northern compound, while not a full club building it gives us a base of operations, a luxury not afforded to our friends at City of Perth. Our future looks great though with Scarborough Surf Club seen as an important part of the foreshore redevelopment. The AGM is to be held on the 24th of June at SLSWA in Balcatta and we'd like as many paid up members to attend as possible to hear about and question the season past and elect representatives for the future. If you want to nominate for a role remember to lodge your application at least five days before the date of the AGM.

Polar Bears

The Polar Bears celebrated club Legend Brian Hall's 800th swim with the presentation of a personalised towel from President Alan Carville and all swimmers on a day with large surf last Sunday.

The "Angry Ant" swam a good place and was happy to see another club legend in Mick Wright after the swim. Sadly Mick is anchored on 100 swims but he reported proudly that he won the first ever Polar Bear swim many decades ago. Brian has been there for all of those decades.

Also celebrating a milestone was Darryl Entrekin, who won his 200th swim. Just another 600 to go Darryl, but Brian has yet to stop so maybe a few more than that.

One Last Drink & Club Auction

As you are aware we have to vacate the building by the 10 June 2016. We are having one last drink in our function hall to celebrate the good times.

*There will also be a silent auction on the night.
The function hall and some club equipment will be on the auction list.*
