## “ECHO” CLUB NEWSLETTER

### PRESIDENT'S PEN – Alan Carville

#### Patrols

The first weekend of patrols seemed to be a little pointless with appalling weather keeping the beaches empty but it proved to be valuable in shaking down some of the equipment and providing members who hadn't visited the temporary club with a chance to look around. A pleasing aspect was the turnout of members rostered on which bodes well for the season ahead.

#### Parking

Marked parking bays will come into effect soon, possibly as early as this weekend. These bays are for members on patrol only and if you are on patrol it is important that you display a club membership sticker on your car or you will receive a parking ticket.

#### Season Opener

This Friday at the Scarborough Sportsman's Club we're having our season opener with club sponsors and VIPs invited. Our sponsors are vital to our ability to fulfil our patrolling obligations that is the very reason for our existence. Come down for and celebrate, there'll be food, drinks at SSC prices and some music. Check out the return of one of the club's sponsors from years past.

#### Bob Phelps

Bob is recovering from major heart surgery and has just been released from hospital to continue his convalescence at home. Bob is a life member, club stalwart, good guy and through Rotary a generous club supporter. We look forward to Bob being up and about and back down the beach and at club functions.

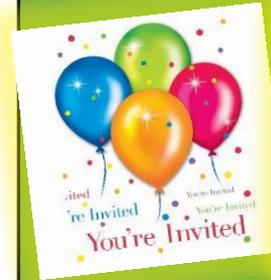

#### MRA Briefing

Deb, Kath and I attended the latest briefing on the progress of the beachfront redevelopment project given by the MRA and City of Stirling. Finally shown to members of the Scarborough Beach Association were images of the new club which we hope we can share with club members. One take away was the schedule with practical completion of the pool complex slated for the end of 2017,

start of 2018 with handover by March 2018. Given the storage and operational part of the club would need to be completed for that to happen I'd guess those dates could apply as well.

## FINANCE DIRECTOR has his VOICE INPUT

### Notice to All Members – Restricted Activities

With the success of its program to reduce the number of shark attacks in metropolitan waters, the Department of Fisheries has taken over the operations of Road Safety in Western Australia. It has issued the following announcement.

*“Due to increased vehicle traffic, the chance of road accidents has also increased. People are therefore advised to stay off the roads. This applies to motorists, cyclists and pedestrians.*

*In an effort to further reduce the chance of a fatal accident, the Department has installed a speed camera on Albany Highway near Williams.*

*People should check Facebook or Twitter for the latest updates before going out on the roads.”*

As a result of this warning, Surf Life Saving WA has directed all clubs to cease any activity that would require their members travelling on the road. Furthermore, all motorized travel on the beach should be put on hold until further notice.

Surf Life Saving WA has also received advice from other experts and has advised clubs to stop their members undertaking the following activities until further notice:

- Use of radios (radio waves can cause cancer)
- Physical activity (due to increased risk of heart attack)
- Members interacting personally (due to risk of influenza and other contagious diseases).

Scarboro members will not be allowed to travel by road to the beach so they can't go for a swim. Other than restrictions on entering the ocean for any reason, travelling to, from or on the beach, using radios, any form of physical exercise or any human interaction, all other club activities will continue as normal.

Author's note: “irony” - the expression of one's meaning by using language that normally signifies the opposite, typically for humorous or emphatic effect.

### How come the weather has been so bad lately?

It has been a wet and cold winter and spring so far. Why is it so? I did a bit of research and came across the following (apologies to Tawari, the Maori God of Wind and Storms).

Danwhite, the spirit of the Scarborough Surf Club was very angry. She disagreed about whether the surf club building and the land should be separated. Her younger and less wise brothers at the club won; building and land were separated, and Danwhite was furious.

As the god of wind, cold and storms, Danwhite had a way to retaliate against her brothers. She hid in the sky and plotted her revenge.

From her place in the sky she sent strong, cold winds and storms to her brother Nala, the new god of Scarborough. The tall trees of the forests cracked and fell, and Nala and his friends huddled for safety in their temporary shelter, also known to them as the compound.

She sent storms over the oceans to punish her brother Ynot, who thought of himself as the god of the sea, but in reality was a relic from the past who never was a god. Waves and whirlpools of water upset the oceans, and he was forced from the ocean.

She sent storms to her young brothers, Rialb and Hsoj, the gods of food. These brothers were protected by their mother, the Earth, also known as Eibbed. She held them close, fed them sausage rolls, and they were not harmed by the storms Danwhite sent.

The last brother, Seip, withstood the wind and storms that Danwhite sent. This brother was the god of fierce humans.

In the end, Nala, Ynot, Seip and the others came together to erect a monument that Danwhite would be proud of. Seeing that this was good, she lifted her curse of rain, cold and rough seas that she brought on her brothers.

So as soon as Danwhite can see the plans for her new clubrooms, she will be appeased. The weather from then should be wonderful. Maybe even Seip, the god of fierce humans, will go for a swim.

### Lifesaving

The times and teams on the beach this weekend are listed below. Please remember to sign in on the relevant Patrol Log which will be with your Patrol Captain.

#### Patrols for this weekend:-

Saturday, 8/10/16	08:45-12:30	Team #5
Saturday, 8/10/16	12:15-16:00	Team #6
Sunday, 9/10/16	08:45-12:30	Team #7
Sunday, 9/10/16	12:15-16:00	Team #8

Please check the patrol roster in advance and make a note of your upcoming patrols. These are available on our club website <http://www.scarboro.com.au/Patrols.htm> If you are unable to make your patrol then please ensure you find a proxy.

The best way to find a proxy is to email Kerry ([adminofficer@scarboro.com.au](mailto:adminofficer@scarboro.com.au)) and have it included in the echo with the date that you require a proxy for and a contact number/email so that people can get in touch with you to organise a swap. These need to be emailed to Kerry well in advance, prior to the Tuesday of each week.

As you are all well aware we actively started our 2016/17 Patrol Season last weekend. Thank you to all those patrolling members that arrived for their allocated Patrol and completed their first patrol for the 2016/17 season. However, there were a few "Patrol NO SHOWS" which have been listed below, please can you make sure that you "MAKE UP" these missed patrols, by manually adding yourself onto the bottom of a patrol log. You will be required to notify the Patrol Captain that you have come to join his/her patrol to "Make Up" patrol hours -:
