MRA Briefing

We had about 100 members show up to last Tuesday's briefing on the new club rooms at Rendezvous and the feedback I received was almost universally positive. A Q&A session afterward allowed members to question some of the details in the design itself and flag other concerns that will be addressed as part of lease negotiations. Other elements of the design that were questioned need to take into the account the context at the time including the state of negotiations and budget constraints. A lot of discussion was around parking and traffic flow. It's difficult at this stage of the construction to visualise the final topology and the distribution of the pool, pool activation, basement operational area, lower promenade and the function area at the upper promenade level and how linkages will work through the precinct. As work progresses those relationships will become more evident.

I communicated our thanks to the MRA for running the briefing and I hope that any uncertainty around our future has been resolved. Work in earnest will begin during February and it should be noted that traffic flow will be impacted with the entrance from Scarborough Beach Road being blocked off and Brighton Road and Manning Street being the main entry points and north to south traffic along the esplanade will become one way. Details were made available at the briefing but I imagine a wider distribution to all local residents will also occur. Kristi from MRA will be putting together a package of the information that was given at the briefing for distribution to members and we should be able to send that out next week.

Important Dates 2016/17:

TOYOTA

Drone

We haven't seen any of the footage as yet but club member Martin Robinson has been down over the last few weekend flying a drone as part of the SLSWA trial. Martin tells me that the footage is pretty impressive so it would be great if we could see examples up on social media.

Responsible Adult

The Hilux returned from the jaunt to the country carnival in Albany in one piece and thankfully Angus McMillan as the responsible adult was on hand to temper the hooligan tendencies of Jody Ballard and his desire to go bush bashing. As they say, a good time was had by all.

Change rooms

The public change rooms are undergoing a minor refurbishment so while the toilets and showers are accessible the change room area itself has been closed off.

LIFESAVING NEWS – Tracy Footitt and TC

Patrols for this weekend-:

Saturday, 04/02/17	08:15-13:00	Team #15
