

Scarboro Surf Life Saving Club

“ECHO” CLUB NEWSLETTER

PRESIDENTS PEN – Alan Carville

Aussies

Venue changes and weather are two of the variables that our small touring team will be dealing with at the Aussies this year. Hannah Jones is first to compete in the 2km run this weekend. Hannah won the Gold last year and has been fitting beach sessions in with Jose Desfosses in addition to the water and the daily pressures of school and study.

Father Warren joins Jose, Guy Power and possibly Angela and Mike Pond for the Masters and we have Asa Nowell, Brett Cassidy and Nick Pond paddling skis along with Glenn Ross and his team of beach sprinters towards the end of next week. As usual Dave Thomson, will be covering our water safety requirements. Good luck to everyone.

Port to Pub

Sharon Walshaw and I believe backing up from a Rotto solo, Kim Williams are a duo for the race and a magic team of boaties will be putting paid to the idea that they can't swim. They do have Cooky on the team and I believe talking to Stan that Bash who performed so magnificently as a beach sprinter for the lifesaver relay is also on form.

Junior Windup

The weather played kind last Sunday for a junior windup on the grass to the south of the compound. Luckily it was last weekend because there's work underway now digging up that very area. Great to see so many juniors and their parents but I don't think anyone wants to see any more chicken

April 2017:

25-2/04/17: Aussies 2017

CLUB REDEVELOPMENT UPDATE – Jody Ballard (Vice President)

After a week, off whilst I was on holiday we are back and answering some more of the questions and dispelling the myths around the redevelopment of our new Club. If you would like to submit an anonymous question or myth you've heard, then email vicepresident@scarboro.com.au or catch me down the beach this weekend.

Question: On the plans showcased by the MRA there was a solid wall between the two functions spaces for the City of Stirling and our Surf Club. Surely a removable floating partition wall would make more sense and allow more flexible use of the space?

Answer: After much consultation between the Club, City of Stirling, Architects and MRA it was agreed that a fixed wall provided a better outcome for all parties involved. The potential for the City and Surf Club to be hosting events at the same time meant that the acoustic properties of the wall were more important than the requirement to open the space up.

With experience on recent multi-function space redevelopments shared with us by the City and the problems associated with a removable wall around acoustics it was agreed by both future occupants that sound proofing was more important than the occasional chance to combine the two spaces into one larger space over 300 square metres in size. This fixed wall gives us better sound proofing between the spaces and allows the Club more certainty when using the space that there will be minimal impact from the adjoining City of Stirling venue and any events taking place within it.

NIPPER NEWS – Nicole Tolev “End of Nippers for 16/17”

The juniors finished the season on the weekend with a play in the ocean, a certificate presentation and a treat of the chicken variety on the beach, Thanks to Chicken Treat at Doric street who opened early and were very generous with the chicken! Thanks to the parents who helped serve and our president Alan who did not one, but two chicken runs.... (hope your car still doesn't smell like a giant chook, Al !)

Once again, CONGRATULATIONS to all the nippers, their parents, our social committee and the VIPS on the beach and our Amazing Age Managers, thank you for a wonderful season!

Calling all Nippers - Please keep in the loop with regards to the upcoming Pool Rescue Series. Details are listed below in this ECHO edition. Training dates and times will be mentioned in the upcoming ECHO Editions so please keep a look out for these. It'll be great to see you participate in this series and give us a great starting spot on the leader's board with points for next season.

Kind regards, Nicole Tolev

Make sure you get Mum and Dad to get a table together!
Tickets are \$15 per person (Tables of 10)

LIFE SAVING NEWS – PATROLS ON DUTY THIS WEEKEND ...

As this Patrol Season draws to an end, with our final Patrols being completed this weekend. The beach Committee and Life Saving Officers would like to extend their sincere appreciation to all those members that assisted on Patrols this season. It was difficult, patrol numbers were low; beach goers remained consistence; weather dealt its fair share of hic-ups with some hot busy days. But, we all survived and did an amazing job. A special mention to those members that completed so many volunteer shifts, your assistance was greatly appreciated.

Good luck to the teams finishing off this weekend, enjoy, have FUN and make the most of your last patrol.

Saturday, 25 th March	Patrol # 14	08:45 to 13:00
Saturday, 25 th March	Patrol # 15	12:45 to 17:00
Sunday, 26 th March	Patrol # 16	8:45 to 13:00
Sunday, 26 th March	Patrol # 1	12:45 to 17:00

COMPETITION – WATER CAPTAIN : Warren Jones

Thanks to all the competitors and their families for involving themselves in training and competition this season. It's great to see.

Polar Bears usually starts around Easter but there may be a couple of swims before. Keep a look out for dates and times in the ECHO.

After a bit of a break from competing, I'd like everyone to think about the **Pool Rescue** carnivals that start in May and encourage you to keep up the swimming over winter. There are 4 carnival dates before the States on 1st and 2nd July.

There is a Nipper and Senior program which can be found on the www.surflifesavingwa.com.au/surf-sports/competitions/pool-rescue-competition

The Pool Rescue competition involves races in swimming, carrying a brick, manikin or diving under obstacles while swimming and swimming with fins. Relays are U10/U11 and U12/U13 combined, ages are as for 2016/17 season. Each competition lasts about 2 hours only and are held at HBF Stadium in Claremont and HBF in Joondalup (R4 18th June.)

Most of the races are sprints so don't be put off if you haven't been training much. The atmosphere is pretty relaxed and the days are quite social with plenty of time to catch up between races. It's a great opportunity to keep up friendships over winter and mingle with the other clubs.

There are also State medals to be won and points which usually count towards overall State Championship points. There is a State team which is selected after the Senior States and in 2016 Scarboro had 3 State team representatives in the U14 age group who travelled to the Nationals on the Gold Coast. It's a great opportunity.

I'll send out a few dates for pool rescue training in April/May/June in a later Echo.

Swim and ironman training at the beach won't start until the season begins however ski training usually starts back up around May and boards a little after that I think.

Good luck to the 1 Youth, 9 Open and 5 Masters competitors competing at the Aussies at North Kirra from 25th March until 2nd April and it's time to start planning for the Aussies next year when they are back at Scarboro.

Thanks,
Warren
